

Lympstone Preschool

Weekly Round-up (Autumn Term 1 week 4)

We have been on lots of adventures this week, yesterday we flew to the moon and Mars using the small boat in the playpark as our spaceship, it then transformed into a train taking us all for ice cream. Our imaginations have been working very hard this week using our large loose parts outside to create different buildings and environments.

October 12th is the schools harvest festival in the church we will be taking a group of children to join in and would love to take an offering of food with us, this can be dried, tinned or fresh, it will then be distributed to local charities. If you would like to donate something please bring it in on Monday, Tuesday or Wednesday of that week.

The afterschool club children have as always been very busy with lego, building some amazing models. Uno is also a regular favourite. Following on from our introduction of much more independent breakfasts and snack times the children have been taking pride in being the nominated helper to hand out drinks and even pack the dishwasher, hopefully this carries on at home!

At toddler group this week we welcomed lots of new faces to join the fun. We run every Monday morning 9.15-10.15 in term time for birth to 5 year old's. The cost is just £2 per family or childminder.

IMPORTANT DATES

Harvest Festival
12th October

Now taking bookings:
Half term Holiday Club
