

Weekly Round-up (Autumn Term week 5)

What a wonderful week it has been — the sunny weather has continued, and we've made the most of it! We've enjoyed some fantastic adventures out and about, and it really reminds us how lucky we are to live where we do. Our preschoolers are thriving as they explore the world around them. The views across the estuary on Monday were truly stunning.

Buzzard Room Adventures

We started the week with a beautiful beach trip to Lympstone! The children did an amazing job walking safely, holding a friend's hand, and using their "listening ears" and "looking eyes" to stay safe while out and about.

On the beach, we spotted our shadows as we crossed the field, enjoyed a snack with a view, built sandcastles, and even took our preschool dinosaurs along for the adventure! We dug tunnels in the sand and watched them fill with water, searched for crabs, used books to identify birds and sea creatures, and splashed joyfully in the shallows. On the way back, we collected some lovely autumnal treasures — a perfect end to a lovely morning.

Back at preschool, the children have loved playing outside in the front area, enjoying games like *What's the Time Mr. Wolf?* and *Granny's Footsteps*.

Over in the nature garden, a brilliant little car wash station appeared! The children washed toy cars using shaving foam and brushes, then passed them along the line to rinse in water — a very successful production line indeed!

One of the children introduced us to her favourite game "hiding scary monsters". She likes to hide and then we have to find her, and she pretends to be a scary monster! The other friends loved joining in and pretending to be scary too.

Rainbow Room Highlights

It's been a super creative week in Rainbow Room! The children helped make a large post box, decorating it with vibrant colours. It may come in handy later in the year for some very special letters... though we won't mention the big man in red just yet — it is only October!

We've seen lots of sensory fun too. Some children painted wooden blocks with shaving foam and brushes, then enjoyed washing them off with water. Others played builders, stacking foam bricks to create tall towers, working together beautifully as a team.

Our Magnatiles have been a huge hit this week! With so much imagination, we've seen them transformed into rocket ships, car parks, goat pens, and homes for animals.

In the nature garden, the mud kitchen, boat, and slide have been very popular, and the shaving foam station never fails to bring giggles — especially when little hands leave foamy prints on unsuspecting grown-ups!

To welcome the season, we set up a spooky table with black starry chiffon, which quickly turned into a cosy little den. The children loved hiding underneath, chatting and giggling together.

At the playdough station, the children created pasta hedgehogs and other imaginative animal sculptures — such creative minds at work!

A magical moment this week: one of our friends found Fairy Anna's missing shoe. She wrote her a lovely note and left the shoe for her. The next day, to everyone's delight, Fairy Anna had collected her shoe and left a thank-you note and some fairy dust to sprinkle. A truly enchanting surprise!

Remember to look out for more details to come on our Christmas Party – 20th December!!

IMPORTANT DATES AND REMINDERS

October Holiday Club
27th October – 31st
October 2025

Holiday Club bookings
are now CLOSED.

Parents Evening will be
on 29th October & 11th
November depending on
your child / children's
key worker. Please
remember to email us to
book your child in with
their key worker ASAP.
